12 December 2024

Dear David,

Thank you

We acknowledge and are very grateful to the team at Ward Personnel for their generous donation of €1,000 to the Meningitis Research Foundation in lieu of Christmas gifts to their clients. This donation was made by Ward Personnel on behalf of their client Paul Mescal of John Sisk & Son.

Every penny we receive is taking us a step closer to a world free from meningitis.

How you'll help

Your donations will help to defeat meningitis by 2030, ensuring we continue to fund research, raise awareness and be there for families who have been affected by meningitis.

One of the projects this donation will fund is our telephone support service. This is a lifeline for people who have experienced meningitis. Whether their experience was many years ago, or they have a loved one who has recently been diagnosed with the disease and is receiving urgent treatment. It helps people to feel less alone when they need support.

The team are also there for anyone with any questions, so they feel informed about all aspects of meningitis from vaccinations and treatment, or to ask about after-effects following recovery from meningitis.

"You have made me feel so much better, I honestly thought I was poorly beyond any recovery, but I know now that it's not just me"

Together we will defeat meningitis

Your donation will help to save lives both now and in the future. It will help us to keep working to prevent any more families from losing a loved one. Thank you. If you do want to find out more about how your support is defeating meningitis, then please do head to our website at meningitis.org.

Best wishes,

K Lacy
