03rd December 2025

Dear David,

On behalf of the West Cork Jesters we are very grateful to **Ward Personnel** for their kind donation of **€1,000** that will be used towards running our new social clubhouse based in Bantry town centre and renting training space for our rugby and boxing sessions. We would also like to thank Vincent O'Shea of Murnane and O'Shea who nominated us for a prize.

This helpful donation comes at a particularly challenging time as we had to vacate our former clubhouse and find alternative arrangements to host our various activities.

The **West Cork Jesters** is West Corks first fully inclusive rugby and community club, founded to bring people of all abilities – with and without additional needs – together through sport, friendship, and community. Since our inception, we have grown into a vibrant, multi-activity organisation that stands for inclusion, teamwork, and belonging across West Cork.

Our mission is to provide accessible, inclusive opportunities for physical activity and social connection, while promoting understanding, respect, and participation for all members of our community.

Again, thank you for this timely donation.

Regards,

*Claire Downey*
